

Vaccination Requirements

All Club Members must meet our vaccination standards before admittance. Pets requiring vaccination updates must have the vaccination(s) administered prior to date of service or check-in.

For the safety of all of our club members, vet visits and vaccinations CANNOT be within 10 days of your pets stay. If any of the required vaccinations have never been given or have lapsed in validity, they need to be administered at least 10 days prior to your pet's stay.

The following criteria must be met with NO EXCEPTIONS.

Dogs and cats must be at least 4 months old and must be spayed or neutered if over 6 months old. Pets must be in good health and flea and tick free. Dogs and cats will be inspected at the time of check-in and if fleas or flea dirt are noticed, the pet will not be admitted. If parasites are discovered during their stay, specialized care and treatment fees may apply at the owner's/guardian's expense.

Vaccination Requirements for Dogs

Veterinarian certificate indicating the current vaccination proof of:

- Rabies
- Distemper (DHPP)
- Bordetella Vaccine (Kennel Cough) within the past 6 months
- Monthly flea and tick preventative medication

Vaccination Requirements for Cats

Veterinarian certificate indicating the current vaccination proof of:

- Rabies
- Distemper (FVRCP)
- Negative FeLV/FIV (Feline Leukemia/AIDS) Combo Test
- Feline Leukemia (Outdoor Cats)
- Monthly flea and tick preventative medication

** Proof of vaccines MUST be submitted before your pet's arrival. Your veterinarian can easily email this information to our office at woodstockcanineclubhouse@gmail.com or fill out and sign the sheet below.
